Questions:

Why do community groups pay to use school facilities?

Access to facilities involves added costs such as utilities, cleaning, consumable supplies, security personnel, and additional wear and tear. These costs are absorbed by the regular classroom funds if not charged back to the user.

Where does the revenue from the facility rental and application fee go?

The revenue is used to replace consumable supplies such as paper towels and toilet paper, offset utilities and personnel cost, and maintenance of facilities and fields.
